SUSTAINABILITY REPORT
(Indicators 2016-2018)

May, 31st 2019
A sustainability indicator is any economic, social, political, or biological element that provides information about certain aspects of the natural world, environmental policies or other related economic and social factors. **A sustainability indicator system enables us to make strategic, environmental and social decisions and helps us to turn this information into action.**

We use the tool Sustainablekeyindicators.com, based on the GRI (Global Report Initiative), the international guide more used for sustainable development and indicator guidelines.

The aim of this management is to evaluate sustainable behavior to provide us information in order to ascertain whether our organization has the ability to meet the established requirements, whether these be legal requirements or ones to which the Management or third parties must adhere (ISO 14001:2015 norms, Travelife System,....)

Grupotel PICAFORT BEACH is a member of the [Sustainable Hotels net in Balearic Islands](#).
Consumos de electricidad y Gas Natural por estancia (estancia: un cliente por un día)

Electricity and Natural Gas consumption per stay (stay: guest per day)

Strom und Gas Verbrauch per Aufenthalt (Aufenthalt: Gast pro Tag)

We have LED lighting in most areas of the hotel and have a preventive maintenance plan that allows us to ensure the best performance of our energy facilities.

Every year we set new goals and challenges in reference to energy consumption, always guaranteeing the comfort of our customers.
We monitor daily the water consumption at the hotel, thanks to the installed counters. Since 2017 we monitor as well the water consumption of the pool.

SUPPLIERS AND PRODUCTS INFORMATION IN GRUPotel PICAFORT BEACH

82% of our suppliers are local entities

Grupotel Hotels & Resorts support the local community trying to get
as most as possible local products and to work with local agrarian cooperatives.

The SON RAMON winery (founded 1649) lies in the municipality of Llubi, between the towns of Llubi and Muro.

As long ago as 1760, the estate was formed by 37 hectares of vineyards and an old Majorcan wine cellar, which is still conserved today. At the beginning of the past century phylloxera plaque invaded Mallorca, and as in many other wineries all the vines had to be pulled up.

In 2005, the Ramis-Fornés family launched a new project with the oenologist Josep Lluis Pérez to plant ten hectares of vines and build a new winery equipped with the latest wine-making technology.

We would like to present you a virgin olive oil made exclusively from our Finca Son Perera. You will find it in our buffet.
Participation every year, on June 5, in the Environment Day campaign

Grupotel Picafort Beach participates every year in the Environment Day campaign, organized by the Xarxa de Hoteles Sostenibles de Baleares, in collaboration with the FEHM and the ACH. In 2016 it was dedicated to the protection of the Natural Spaces and their native species. In 2017, the motto of the campaign was "Connect with Nature". The campaign consisted in spreading the poster that was attached, and the clients were encouraged to share their photos of their visits to natural areas or beaches in social networks (#WorldEnvironmentDay). The event was open publicly to the whole society, so everyone was encouraged to walk around in nature on those days and share their photographs. In 2018 the campaign "without contamination by plastics", had the idea of raising awareness in the urgent reduction of production and the excessive use of disposable plastics, which pollute our oceans, damage marine life and threaten human health.

All these campaigns consisted in exposing the theme of the Day through a poster facilitated by the XHSB, FEHM and ACH and to make customers aware of the theme of the day.
**Operation Kilo (Cáritas Sa Pobla)**

It is an initiative of the FEHM for the collection of dry food with long-term expiration date in hotel establishments, to be donated later to local NGOs, which are responsible for their distribution in soup kitchens or directly to families in need. Attached photo of the campaign of 2018, as well as the donated relationship.
